

RIGHT STUFF EQUIPMENT

SATELLITE II TRAY FORMING MACHINE

Right Stuff Equipment has redesigned and improved the AER Tray Former. The Satellite II is now an AB PLC controlled tray former offering improved functionality and safety. Allen Bradley Compact Logix PLC with Panel View 800 7" color touch screen allows for easier machine set up and control with feed back for operator displayed on screen. New and improved safety features, oil-less shafting & slides, easy to replace bushings, and optional toolless change over.

Fully supported by Right Stuff Equipment!

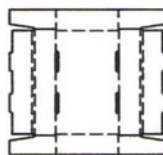

Designed & Manufactured in the USA.
