

APPS R-8K

TABLET COUNTER

gel caps or capsules • fast, reliable operation
irregular shapes • large and small tablets
simple, easy clean-up • compact size, low cost

VERSATILITY, ACCURACY, AND RELIABILITY
are the hallmarks of the R-8K Tablet
Counter manufactured by APPS, Inc.

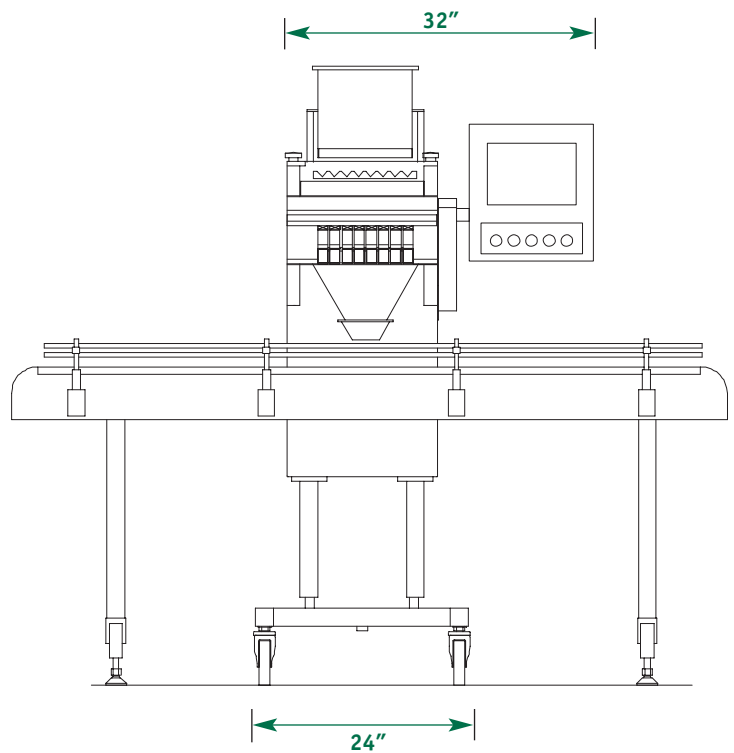

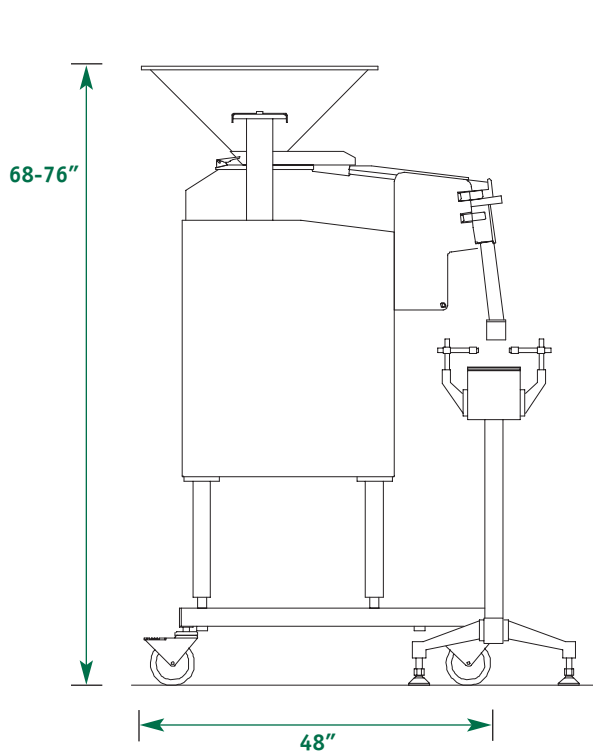

The advanced eight-lane counting system of the **R-8K** is capable of counting all types of tablets, capsules and gelcaps, regardless of shape or size.

Fast, easy changeover, without the use of tools, is an important feature of the **R-8K**.

The **R-8K's** unique design provides the operator with a clear, unobstructed view of the product, from hopper to bottle. This, coupled with a color-touch screen operator interface, and multi-language capability, creates an effective, user-friendly environment.

*No matter what your product looks like,
you can count on APPS, Inc. for fast,
accurate results.*
